PROFILE

Motivated **MCA graduate** with a strong foundation in **Java Full Stack Development**. Skilled in **Java, Spring Boot, React JS, JavaScript, SQL, and Tailwind CSS**. Familiar with building full-stack web applications and working with REST APIs. Eager to learn new technologies and contribute to real-world software projects with a positive and team-oriented mindset.

WORK EXPERIENCE

Java Full Stack Developer (Intern), **Apr 2025 - Present**
NoaSoft Technologies

- Leading development of full-stack features using **React JS** for frontend and **Java (Spring Boot)** for backend services. Built reusable UI components, optimized application performance, and integrated frontend with backend using **REST APIs**. Collaborated directly with clients to gather requirements and deliver scalable, business-aligned full-stack solutions.

SKILLS

HTML | CSS | JavaScript | Java |Spring Boot |MySQL | Prompt AI | Tailwind CSS | React JS | Redux | GitHub

EDUCATION

Bachelor of Computer Application | CGPA : 6.9 | June 2021 - June 2025
Maharishi Dayanand University (MDU) , Haryana

Master of Computer Application | CGPA : 6.8 | Pursuing
Maharishi Dayanand University (MDU) , Haryana

PROJECT

Noa Soft CRM :- React js | Redux js | Tailwind css | Java | Spring Boot | MySQL https://noasoft.in/

- Implemented best practices for clean and maintainable code across **frontend and backend**, including reusable React components and well-structured **Java Spring Boot services**. Collaborated with team members through code reviews, daily stand-ups, and sprint planning.
- Designed user-friendly interfaces and integrated **REST APIs** with Java backend and **SQL databases**. Implemented **role-based access control** (user, staff, administrator) to manage permissions, improve security, and enhance overall system efficiency.

TextUtils Web Application :- Frontend https://text-utils-react-peach.vercel.app/

- Built a **React JS web application** for text analysis and formatting.
- Implemented features including word count, character count, Uppercase/Lowercase.
- Designed a responsive UI using react and reusable components.

INTERNSHIP & CERTIFICATION

I completed my internship in Java Full Stack Developer at **DUCAT Training School**. from **January 2024 to October 2024**. During this time, I had made one project **SMART CONTACT MANAGER** in which there are lots of things such as login/logout, Dashboard, Add, update, delete, and view contacts.
